

# DEEP DIVE DESTINY TRAINING

## Maximize the power of Destiny with one-of-a-kind training

Get the most out of the Follett Destiny® platform with exclusive recorded training sessions for Destiny Library Manager and Destiny Resource Manager. With more than 9+ hours of insightful content, these specialized training sessions empower educators to maximize the impact of resources inside and outside the library.

Each one is designed to answer your most pressing questions about Destiny. Information covers a wide range of Destiny topics, including how to maximize your library and non-library resources, optimize your investment with custom reports, use Destiny to collaborate with your entire school community, save money while enabling resource sharing with the Advance Booking feature, and much more. Learn how to empower your school community to use its resources efficiently – with exclusive training you won't get anywhere else.

This training is ideal in two scenarios: (1) for customers who need to provide new users with self-paced foundational training to get them started or (2) for customers who already have users using the solution but require more comprehensive training to advance their knowledge and usage of Destiny and all it has to offer.
